You have selected the following FIVE (5) new technologies that interest you. Define and describe them to your colleagues by specifying their use to organizations and/or individuals.

- a. Google Glass
- b. Big Data
- c. Google Cardboard
- d. Wearable Devices
- e. 3D Printing

(Total: 20 marks)

Question 3

- a. The following is a case where an organization googles their candidates before calling them for interview. Based on the scenario below, should McBIG hire Samanta despite her online history? Explain your answer with TWO (2) valid reasons.

“McBIG's CEO has found a promising candidate, Samanta, to open the company's store in Beijing, China. Samanta is one of the most suitable candidate as she is creative, opinionated, a risk taker and has in-depth knowledge on China's market and culture. However, it was their practice to scan the first 11 pages of Google results, and on page nine they glimpsed something that might cause concern. A story in the October 2000 issue of the Eastern Review identified Samanta, fresh out of California, as the leader of a protest group that had helped launch campaigns against the World Trade Organization.”

(8 marks)

- b. Differentiate between the Internet, Intranet and Extranet in terms of its focus, type of information, users and who are allowed to access them. (12 marks)

(Total: 20 marks)
